Sir Henry Parkes School of Arts - Tenterfield

ACKNOWLEDGEMENT OF COUNTRY

“We acknowledge the Ngarabal, Jukembal, Bundjalung, Kamilaroi, Githabul and Wahlubul people as the traditional custodians of various parts of the Tenterfield Shire.”

EXECUTIVE SUMMARY

The Community Strategic Plan document is Tenterfield Shire Council's highest-level plan. The Community Strategic Plan outlines the aspirations of our community for the future. The Council election held in September 2024 has delivered an enthusiastic new team of ten elected Councillors, so now is the perfect time to review our Community Strategic Plan to ensure it still meets with our communities' expectations.

Council's role is to facilitate the development of the Community Strategic Plan by listening to the community's views, values and future aspirations and representing these in an inspiring yet achievable and affordable plan that can be delivered in partnership with other stakeholders, including the community itself.

Our new council has undertaken to listen to your views throughout the extensive consultation process.

We have heard you speak with passion about our community. We have heard of your desire to improve our infrastructure, be diligent in protecting our environment, and support our local economy while also living within our means.

The community were also supportive of Council partnering with a wide variety of organisations to deliver positive outcomes for our community.

We are committed to working closely with the State and Federal Governments and thank them for their investment in partnering with us to renew ageing infrastructure and maintain our facilities for future generations.

We were delighted with the breadth and quality of views from people passionate about championing the best possible future. People representing our towns and villages from across the Shire helped to establish this shared vision for our future.

Community Engagement Tenterfield 2024

OUR VISION

To nurture a Shire where the environment will be protected and enhanced to ensure sustainability and inter-generational equity.

To recognise and actively develop our cultural strengths and unique heritage.

To maintain and renew our Infrastructure assets.

To enhance a prosperous Shire through balanced, sustainable economic growth which is managed in a way to create quality lifestyles and satisfy the employment, environmental and social aims of the community.

To encourages a quality community lifestyle which supports health and social well-being, promotes family life and lifestyle choices.

To promote opportunities to participate in sport and recreation and equal access to all services and facilities.

To encourage all people to participate in the economic and social life of the community, with a supportive attitude towards equal life chances and equal opportunity for access to Shire resources.

SHIRE PROFILE

Tenterfield is on the northern end of the picturesque New England and Northern Rivers Regions – the Shire of Tenterfield is a large area of 7,134 km² with an overall population of 6,973 residents – and growing.

The Shire of Tenterfield spans the Great Dividing Range at the northern end of the New England Region of NSW amid a contrast of granite boulder outcrops, rugged mountain beauty, pockets of rainforest, crystal clear rivers and the serenity of rural landscapes.

Tenterfield town itself is surrounded by over 10 National Parks. There are great schools, a wide variety of employment and business opportunities, historic buildings, large blocks of land and a warm sense of community.

The region is also home to seven (7) villages – Urbenville, Liston, Legume, Drake, Torrington, Jennings, and Mingoola.

The shire offers a diverse range of agricultural and economic opportunities:

- Tourism
- Museums
- Restaurants/Cafés
- Boutiques
- Wineries
- Beef /sheep grazing
- Mining
- Horticulture

The Shire has:

- A population of 6,973
- A population growth of 3.5% over the past five years
- A median age of 55 years
- A median household income of \$46,020
- A socio-economic index of 12*
- 1,007 active businesses
- 3,449 residential rate assessments
- 1,471 farmland rate assessments
- 233 business rating assessments
- 10 mining rate assessments
- 1,688 km of roads
- 10 elected local Councillors

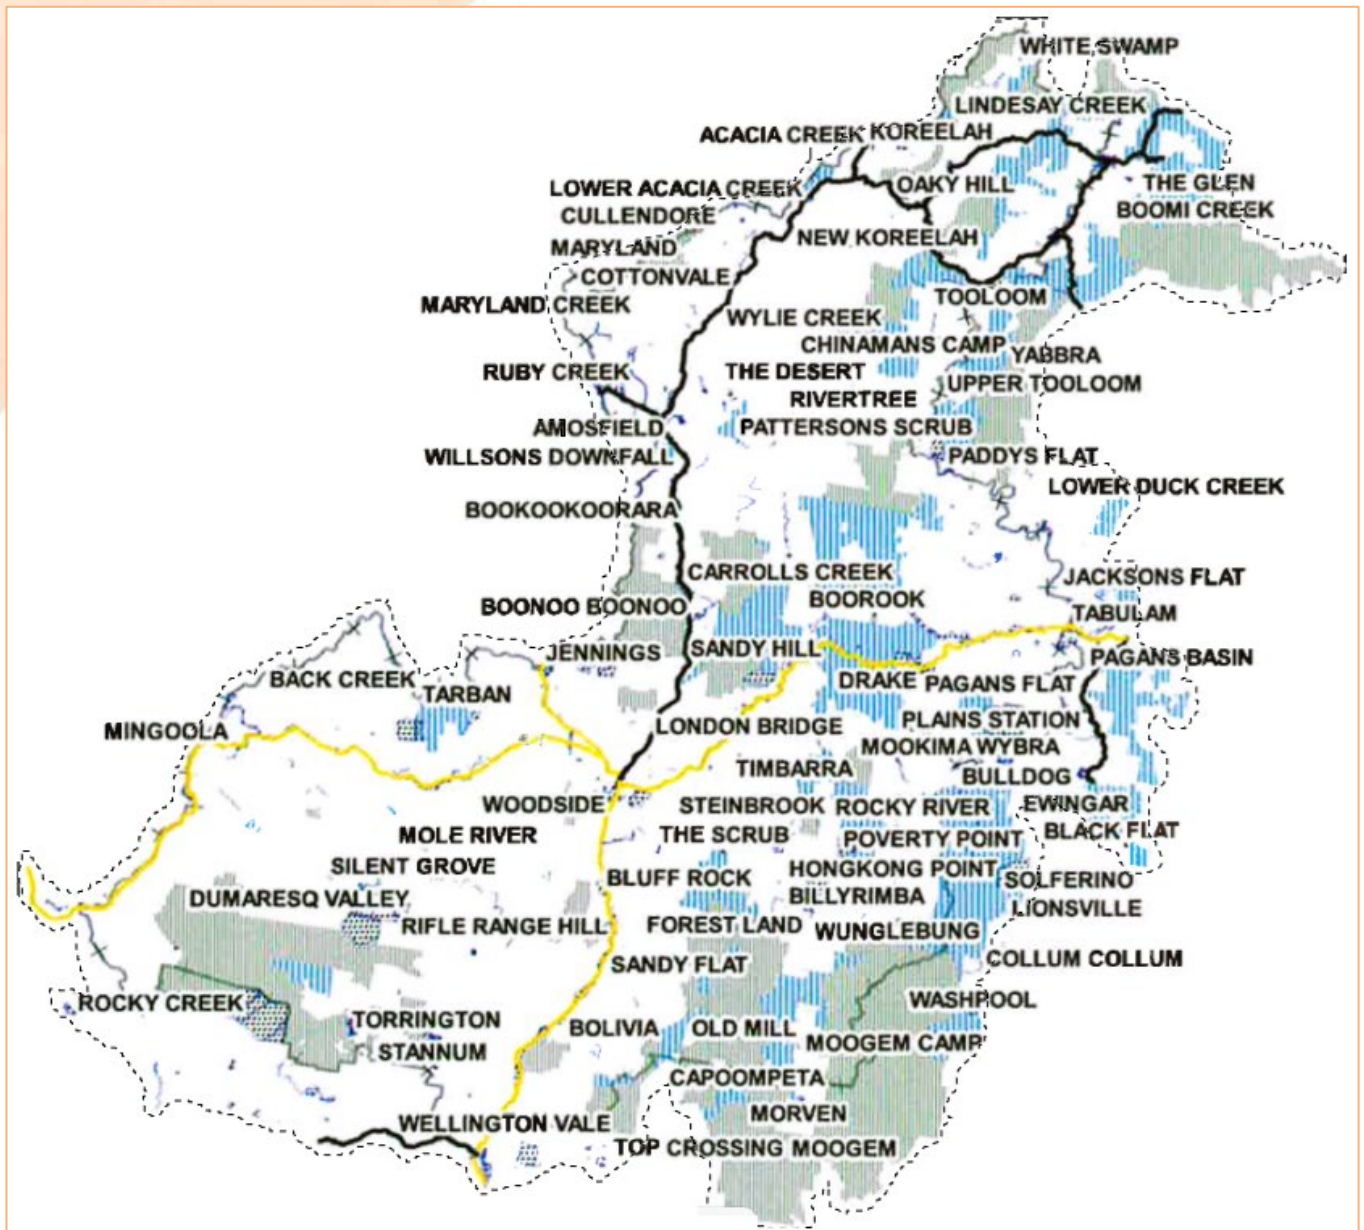

*NSW LGAs ranked from 1-128 with 1 being lowest.

The Tenterfield Township was gazetted on 7 October 1851, with the Municipality of Tenterfield being incorporated on 22 November 1871.

A significant and far-reaching event in the history of Tenterfield was the 'Federation speech' in 1889 by then NSW Premier, Sir Henry Parkes, which led to Federation of the Australian States on 1 January 1901 and gave Tenterfield the name of 'Birthplace of the Nation'.

OUR LOCATION

Tenterfield Shire is adjacent to the Queensland border, an easy 3.5-hour drive from Brisbane, the Gold Coast and Byron Bay. It can be reached via the New England Highway to the north and the south, and the Bruxner Highway to the east and west.

WHAT IS A COMMUNITY STRATEGIC PLAN?

All councils in NSW are required to develop an Integrated Planning and Reporting Framework under legislative requirements prescribed in the NSW *Local Government Act 1993*.

This framework has been put in place to encourage councils, communities and other organisations to work together to plan for the future in an efficient and collaborative manner.

The **Community Strategic Plan** is the most important of those strategic documents. It identifies the community's future goals, and strategies to achieve those goals by posing four key questions:

- Where are we now?
- Where do we want to be in 10 years-time?
- How will we get there?
- How will we know when we've arrived?

Our **Community Strategic Plan 2036** is based on the social justice principals determined by the NSW Government:

Equity – there is fairness in decision-making and prioritising and allocation of resources.

Access – all people have fair access to services, resources and opportunities to meet their basic needs and improve their quality of life.

Participation – everyone has the maximum opportunity to genuinely participate in decisions which affect their lives.

Rights – equal rights and opportunities for everyone to participate in community life. **Our Community Strategic Plan 2036** – is supported by other plans in the planning framework which reflect the priorities and aspirations identified in the Community Strategic Plan.

The Community Strategic Plan is the visionary long-term document within the Integrated Planning and Reporting Framework. It provides the broader strategic direction for a council and outlines the key outcomes that the council, other agencies and the community will be working to achieve such as improved services for transport, accessibility, communication, modern community infrastructure, viable businesses and health support.

It translates the community's key priorities and aspirations into long-term strategic goals that guide the future direction of Tenterfield Shire. Informed, inclusive, connected communities and protection of the environment were key concerns identified during the community engagement undertaken to develop this plan.

Whilst the Community Strategic Plan is the outcome of extensive collaboration between Council and the community, its success inevitably depends upon collaboration and partnership with the community and State and Federal Governments.

OUR PLANNING FRAMEWORK – ENGAGE, PLAN, RESOURCE, DELIVER

Community Engagement Strategy

The Community Engagement Strategy details how Council engages with our community and other stakeholders to develop, deliver and measure the success of all plans including the Community Strategic Plan.

Delivery Program and Operational Plan

The **Delivery Program and Operational Plan 2026-2030** outlines Council's role in the delivery of projects and services during the four-year term of the elected Council to meet our long-term strategic goals. These plans detail the delivery of planned projects, services and budgets for each year. Our progress in delivering each planned project and service is monitored by budget reviews

and key performance indicators which are reported back to the community.

An **Annual Report** provides a 12-month review on Council's overall progress and a **State of Our Shire Report** is released at the end of the four-year term of each Council.

Resourcing Strategy

The Resourcing Strategy outlines Council's capacity to manage assets and deliver services over the next 10 years. It includes a **Long-Term Financial Plan**, a **Workforce Management Plan** and **Asset Management Plans**. Council must demonstrate effective financial and workforce management and the continued provision and maintenance of community assets and services.

INTEGRATED PLANNING AND REPORTING FRAMEWORK

The Community Strategic Plan forms part of the NSW Office of Local Government's Integrated Planning and Reporting (IPR) Framework.

There is a number of key elements in the framework including reporting requirements. The diagram below illustrates where the Community Strategic Plan fits in the overall framework and how our plans interrelate.

Office of Local Government NSW

ENGAGING WITH OUR COMMUNITY

In order to prepare this plan, Council engaged with the community in a range of different ways:

Newsletter

A newsletter was posted to every household about the Community Strategic Plan review

Website

Council invited participation on the front page of our website, and posted the 'State of Our Shire' report for an update of progress made on the previous Community Strategic Plan "Tenterfield 2032"

Information Sessions

Council hosted 11 information sessions in 10 locations across the Shire, with 125 people from the community attended

Surveys and Submissions

Council distributed both hard copy and electronic surveys canvassing peoples' views on the issues relevant to the Community Strategic Plan, and received a total of 80 returned surveys

The graphic below summarises the feedback from people who live in Tenterfield Shire regarding what they like about living in the area:

WORKING TOGETHER

Delivering this Plan is a collective process between the Tenterfield Shire community, which includes Council, other levels of government, businesses, other organisations, as well as local residents. We look forward to working together to achieve great things for Tenterfield Shire over the coming decade.

Council's goal is to work towards delivering the community's aspirations where it can influence these, acknowledging that it must be tempered with the community's and Council's ability to afford the actions required.

Our recent community engagement process allowed people to express their priorities for the future, including where they would like additional action from Council. However, for a rural councils like Tenterfield Council, a key challenge is the breadth of services that it is expected to provide in the context of a relatively small rate-base across a large geographic area, with an extensive local roads network.

This plan defines the following roles for Council in delivering on the aspirations outlined in this plan:

Service Delivery

Council recognises the importance of essential service provision, adhering to legislative requirements and compliance obligations, and fulfilling its community service obligations. We provide a range of infrastructure, facilities and programs within available resources.

Facilitation

Council has a role in bringing together all stakeholders for the benefit of our community to undertake research, provide information and collaborate with relevant individuals and organisations to resolve issues and design solutions.

Advocacy

We act as an advocate on behalf of the communities needs and aspirations. We call on other levels of government and businesses for policy and regulatory reform as well as changes to service provision for the benefit of our shire and its communities.
